Skills

Results-oriented and strategic IT professional with over 15 years of experience in leading technology initiatives, digital transformations, and driving business growth. Adept at managing large teams, aligning technology roadmaps with global strategic objectives, and ensuring high uptime resilience of business-critical systems. Proven track record in agile delivery, change management, and fostering an inclusive and high-performance culture. A visionary leader who thrives on innovation and is committed to continuous skills development.

Experience

BridgeTech Labs (pvt) Ltd / Director

APRIL 2022 - PRESENT, Nugegoda

Spearheaded digital transformation initiatives, aligning technology roadmaps with strategic objectives to drive business value in the cluster.

Identified and leveraged opportunities for adopting cutting-edge technology solutions, resulting in improved efficiency and effectiveness.

Ensured high uptime resilience of business-critical systems, minimizing risks and implementing effective risk management strategies.

Effectively communicated technology-driven business strategies to business leaders, addressing major risk areas, implementation plans, and financial impacts.

Managed and deployed all elements of technology programs, including Application Lifecycle Management, and Project budgets.

Successfully led a diverse technology team, including virtual foreign teams and third-party service providers, ensuring optimal resource balancing and prioritization.

Implemented effective decommissioning and lifecycle management of local and Business Managed Applications.

Attracted and developed talent across the technology team, fostering an agile, collaborative, and digital work environment.

Actively participated in the technology leadership team, driving common ways of working and leveraging enterprise to scale.
